### Mission statement

Pursuing a career building as well as the challenging opportunity in a dynamic, progressive and result oriented organization that seeks an ambitious, conspicuous and profession conscious person. I seek to build extensive range of skills to yield excellent results for organization and reap success and progress in the respective field.

### Personal attributes

I am a solution-focused, proactive and highly skilled professional with rich experience of working in managerial role in a major bank of Pakistan, Kebo Power limited. At the same time, I possess a Doctoral Degree in Management from a renowned Chinese university. I have an analytical mind, and possess solid planning and organizational skills. Apart from that, I am a strong team builder and facilitator, fostering atmosphere that encourages creativity, problem solving approach and continuous learning and improvement among team members/colleagues. I am an enthusiastic and optimistic person with an ability to take initiatives in challenging environments. I am responsive, courageous and trustworthy. I have an unparallel passion for learning and development and a proven track record of achievements and consistent professional growth. I have been a top performer and have always enjoyed pleasant working relationship with my colleagues and other stakeholders.
